

SKYWALKER CAULIFLOWER

A vigorous frame with good cover and a deep, white, heavy curd. Outstanding autumn cauliflower with 95-110 days to 50% cut. Skywalker has a very clean base. Deep white, well protected curds.

Varieties perform differently under different climatic conditions, and are usually only suitable for specific markets. For more elaborate information about this variety in a specific market, visit the assortments on our country websites, via www.bejo.com/countries. Our local crop specialists are happy to give additional tailor-made advise.
