

BRONCO

WHITE CABBAGE

Healthy, strong hybrid with dense internal structure and short core. Grows well under different circumstances. Good standing ability. High-yielding fresh market standard. Very fancy; waxy wrappers. Round heads on a short core. Tipburn tolerant.

Varieties perform differently under different climatic conditions, and are usually only suitable for specific markets. For more elaborate information about this variety in a specific market, visit the assortments on our country websites, via www.bejo.com/countries. Our local crop specialists are happy to give additional tailor-made advice.
