

## RAMADA

### WHITE CABBAGE

Strong hybrid cabbage with excellent internal quality and compact structure. A rather dark colour and short core. Head is nicely closed and not susceptible to splitting. Well-wrapped, dark, classy, uniform. Round heads with short cores. Dense heads stand upright on strong stem. Adapted to freshmarket boxing. Medium-large framed, dark blue-green plants.

Varieties perform differently under different climatic conditions, and are usually only suitable for specific markets. For more elaborate information about this variety in a specific market, visit the assortments on our country websites, via [www.bejo.com/countries](http://www.bejo.com/countries). Our local crop specialists are happy to give additional tailor-made advice.
