

## CHECKMATE

### WHITE CABBAGE

Early, high-yielding, fresh market/slaw, holds well in field. Very vigorous, needs close spacing and fertility managed to maintain smaller sizes. Sits higher for easier harvest and less disease.

Varieties perform differently under different climatic conditions, and are usually only suitable for specific markets. For more elaborate information about this variety in a specific market, visit the assortments on our country websites, via [www.bejo.com/countries](http://www.bejo.com/countries). Our local crop specialists are happy to give additional tailor-made advise.
