Exploring nature never stops

HYTUNE

ONION

Has the right combination of earliness and yield. It produces nice round brown skinned onions, because of its root system very suitable for areas which can't be irrigated and for more
continental areas.

Type Crop INT :	Rijnsburger, yellow

Varieties perform differently under different climatic conditions, and are usually only suitable for specific markets. For more elaborate information about this variety in a specific market, visit the assortments on our country websites, via www.bejo.com/countries. Our local crop specialists are happy to give additional tailor-made advise.
