

## RED PASSION ONION

This is a Red Bombay hybrid for tropical and short day areas. Red Passion F1 has a beautiful dark red colour with a nice globe shape.

Varieties perform differently under different climatic conditions, and are usually only suitable for specific markets. For more elaborate information about this variety in a specific market, visit the assortments on our country websites, via [www.bejo.com/countries](http://www.bejo.com/countries). Our local crop specialists are happy to give additional tailor-made advise.
