KOSMA

KOHLRABI

Kosma is a CMS-hybrid kohlrabi with flatround heads, suitable for the whole season. Kosma has healthy upright foliage, good standability and is easy harvestable. Kosma is less affected by cracking and side shoots.

Shape Product INT :	platrond

Varieties perform differently under different climatic conditions, and are usually only suitable for specific markets. For more elaborate information about this variety in a specific market, visit the assortments on our country websites, via www.bejo.com/countries. Our local crop specialists are happy to give additional tailor-made advise.
