

THALYS WHITE CABBAGE

Nice round Farao type. Thalys is slightly earlier than Farao and produces shiny green heads. The heads have perfect uniformity

Varieties perform differently under different climatic conditions, and are usually only suitable for specific markets. For more elaborate information about this variety in a specific market, visit the assortments on our country websites, via www.bejo.com/countries. Our local crop specialists are happy to give additional tailor-made advice.
